

Family & Friends Advocacy Group

Why is this important?

There are many tax payers in HK, like you and the people you care about, who are excluded from educational and social services simply because they can't speak Cantonese.

What is the goal of this group?

To lobby for better special educational needs provisions for ethnic and language minorities in HK.

Become a MEMBER and JOIN US! We need your support!

I would like to become a member of Growing Together to support the advocacy of Special Educational Needs in an inclusive society for the people of Hong Kong.

I am a family member of someone with special educational needs . I am a concerned individual.
